Ms. Alexis Strauss  
Acting Regional Administrator  
U.S. Environmental Protection Agency  
Region 9  
75 Hawthorne Street  
San Francisco, California 94105

Dear Ms. Strauss:

The California Air Resources Board (CARB) is submitting to the U.S. Environmental Protection Agency (U.S. EPA) revisions to the California State Implementation Plan (SIP), from the following air quality management and air pollution control districts (districts):

- Antelope Valley Air Quality Management District
- El Dorado County Air Quality Management District
- Mojave Desert Air Quality Management District
- San Diego County Air Pollution Control District
- Yolo-Solano Air Quality Management District

These revisions consist of adopted or amended rules for the districts, as listed in Enclosure A. Also enclosed is CARB Executive Order S-17-011 adopting the districts' rules as revisions to the SIP. To meet U.S. EPA's criteria for determining that rule submittals are administratively and technically complete, we have enclosed evaluations of the effects of the rules on emissions, evaluations of the rules' consistency with 40 CFR 51, and other supporting documentation provided to us by the districts. One compact disc and one paper copy, each containing the revisions in their entirety, are enclosed.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
